STRIKE PARALYSES BRITAIN'S SHIPPING

A MILLION WORKERS INVOLVED IN WALK-OUT

UNITED KINGDOM FACING FOOD SHORTAGE

Warehousemen Join Dockers, Tying Up Provision Stocks; Carters and Motormen Refuse to Move Goods From Wharves.

London.—The ports of the United Kingdom were paralyzed in the grip of a dock workers' strike. Prices are already rising in anticipation of an early shortage of food as a result. There is a week's supply of foreign meat on hand and a fairly good supply of home-grown vegetables is available, but England is wondering whether the strike will be settled in time to prevent a return to the rationing of war days.

The first indications of the spread of the strike outside the dockers' unions came from Liverpool, where warehouse men suddenly walked out. Simultaneously, dock and railway workers at Liverpool struck in sympathy with the regular dockers. The carters and motormen at Liverpool refused to handle goods from the docks.

So far there is every evidence of solidarity on the part of the dockers, and other transport workers are standing by them in refusing to handle goods to and from ships.

FRANCE IS SPEEDING UP ON REPARATIONS SETTLEMENT

Paris.—Facing the spring elections, the Poincare government is displaying significant eagerness to speed up the work of the experts committee and get the reparations question settled before the time comes for the people to go to the polls. Difficulties of the Poincare regime were emphasized when the congress of the Socialist party adopted the report of its parliamentary members condemning the occupation of the Ruhr, urging that a solution be reached on the reparations question, and calling for action for world peace through the League of Nations.

Poincare stands on the eve of the elections which are to renew his mandate as arbitrator of the destinies of France or throw him into the discard as a statesman who has failed to solve the problems which the country confided to him.

EGYPTIAN GOVERNMENT TAKES CHARGE OF TUT'S TOMB

Luxor.—Egyptian police guarding the tomb of Tutankhamen have refused Howard Carter permission to enter, on orders from the Egyptian government, a climax to the dispute between Carter and the government over publicity. The discoverer, who had just opened the sarcophagus and found a gilded mummy case, wanted to keep news of further discoveries for a syndicate with whom he had made financial arrangements. The government was insistent that all should share in the news.

Carter closed the tomb and stopped work. When he went to the Valley of the Kings he found his way barred by stalwart sentinels. The government of modern Egypt had taken charge of the body of one of the country's first kings.

PYROMANICS MENACE SOUTHERN OIL WELL DISTRICT

Los Angeles.—Proof of what is declared to be a "campaign of terrorism" by firebugs in the Huntington Beach oil fields, where millions of dollars' worth of oil property has been threatened by several incendiary fires, was furnished when A. C. Grace of the Standard Oil company surprised two men in the act of setting fire to a well of the Union Oil company.

Grace was retiring from the scene of an incendiary fire when he saw the men leaving the Union well. Hurrying to the scene he found a fuse burning its way to a pool of oil on the derrick floor.

Steamer Columbia Wrecked

Marshfield, Ore.—The tug Cleone landed thirty passengers and eight members of the crew of the steamer Columbia, wrecked on the north jetty, when northbound from San Francisco via Eureka, she lost headway in the rough water over the bar. The Columbia went on the rocks within 200 feet of the spot where the C. A. Smith was wrecked in December with the loss of nine lives.

Swiss Keep 8-Hour Day

Geneva.—The workmen of Switzerland have won their fight in a nation-wide referendum to retain the eight-hour day.

EXPERT COMMITTEE BUSY ON SOLUTION

DAWES CONFIDENT THAT A WAY OUT IS FOUND

GERMANY TO BE FREE OF HAMPERING RESTRAINTS

Scheme Based on Expansion of Trade in World Markets and New Gold Currency in Lieu of Rentmark Land Mortgages.

Berlin.—It is officially announced that the nationwide state or seige will be lifted on March 1. The state of seige was proclaimed last October, following the assumption of dictatorial powers in Bavaria by General von Kahr.

Paris.—Brig. Gen. Charles G. Dawes has returned to Paris full of confidence, optimism and ready to complete the final stages of the work of the experts' committee which has been investigating German finances.

General Dawes and his committee of international experts are convinced they have found a plan whereby the allies can collect reparations and Germany can be rehabilitated financially.

Before the committee left Berlin General Dawes visited Chancellor Marx and thanked him for Germany's cooperation in providing material necessary to the committee's investigation. Marx replied that he was glad the experts had had the opportunity for thorough study of the German financial situation. Full details of the plan were not available, but some of the features were made known. They include:

1—New gold backed currency, supplanting land mortgages now backed by the rentemark, must be introduced in Germany.

2—A total circulation of five billions of marks must be provided, although temporarily a smaller sum, possibly three billion, will suffice.

3—This currency must be backed by 50 per cent gold or the equivalent.

4—The German budget must be balanced; according to the experts, this should not prove difficult. Germany probably can manage it herself through readjusted taxation, but if she doesn't, she must be helped by outside loans. It is believed a large part of the stock of the new bank could be subscribed in America.

5—Germany must be freed of restrictions now hampering production.

The experts said it was silly to try to name a concrete maximum sum for reparations, but insisted it would be possible to ascertain what the minimum will be under the new plan. The maximum will be determined as Germany's foreign trade expands. If the world absorbs a lot of "made in Germany" goods, then there will be more reparations.

DISABLED VETERANS URGED TO FILE CLAIMS WITHIN LIMIT

San Francisco.—Disabled veterans of the World war are warned by Gen. Frank T. Hines, director of the United States veterans bureau, to present their claims for compensation immediately, as the time limit allowed will soon expire. He has found that many ex-service men hesitate about filing a claim, but says they should remember that their disabilities grow worse instead of better and too often aid is not asked for until it is too late. The veterans bureau is endeavoring to reach all possible claimants before their time limit has expired.

As the majority of the ex-service men were discharged in 1919 this will be the last year that many can legally file claims, excepting in extreme cases where the appeal must be sent to the central office in Washington, and the director allows an additional year.

Stray Bullet Wounds Senator

Washington.—Revenue agents, pursuing a suspect, accidentally shot and critically wounded Senator Frank L. Greene of Vermont at Third street and Pennsylvania avenue. Senator Greene left the Driscoll, where he lives, to take a walk. After proceeding about three blocks on lower Pennsylvania avenue, the senator was hit by a stray shot and sank to the pavement unconscious. The liquor suspect escaped.

Russ Papers on Oil Expose

Moscow.—The option secured for Harry F. Sinclair on the Baku-Grozny oil concession expired February 10, but it is questionable whether or not the Russians will insist upon strict adherence to the date. Up to the present no extension has been requested. The Russian press is featuring the American oil scandals with considerable lip-smacking over charges against "bourgeois politicians."

CLUB HOLDS BUSY SESSION

The last in the series of studies of the Chinese Republic and its people which the Country Woman's Club have been considering for the past several months, was presented Monday—" Chinese Language, Poetry and Literature."

Owng to the illness in her family Mrs. Barron had been unable to take her part on the program and Mrs. L. F. Shaw assumed the chairmanship and opened the program with a delightful interesting paper on the strange language of the country. By 600 B. C. they had a well developed written language which has not been fundamentally changed to the present. Each word has a character of its own, or where one character represents more than one word tone inflection determines which word is used.

A new phonetical alphabet of 39 characters has been invented lately in order to use the telegraph, cable and other modern inventions of communication, but the old forms are still the language of the scholar and writer.

Mrs. Sutter, who was also ill, had prepared her topic—"Chinese Poetry" and Mrs. E. R. Kennedy read her paper and some of the poems by Byng. Chinese poems are short, usually not over twelve lines. There are a few of greater length, but no epics.

The three great poets are Tu Fu, Li Po, and Po-chu-i. Three of the most noted arrangments of translations are "The Lute of Jade" and "The Feast of Lanterns" by L. Cranmer Byng and "Fair Flower Tablets" by Amy Lowell.

Mrs. Shaw also read a paper on prose literature which dates back to Confuscius, who collected all the writings up to his day and his works have been the supreme authority for all classical students.

Mrs. E. I. Price then gave a short dictation on poetry and the life of Li Po and then read a number of selections from Amy Lowell's book.

At the business session an invitation was extended the club to attend the sessions of the Los Gatos History Club on Wednesday.

Plans were also made for the lecture, Monday evening, March 3, to be given by Dr. Tully C. Knoles. The subject will be, "The Three Internationalisms," and every one who has ever had the privilege of hearing Dr. Knoles will want to hear him again, and those who have not, can not know the treat in store. Admission will be only 25 cents, and members of the club have tickets for sale.

Plans were also made for a luncheon and business meeting the afternoon of March 3. Simple luncheon at 1 o'clock, after which plans will be made for the "Festival of Roses" on April 14.

REGISTER NOW

All who wish to vote at the primary and presidential elections must register. The old registrations will hold for the school elections in March but on the first of April the Great Register is cancelled and only those who have registered since Jan. 1, 1924 are eligible to vote at subsequent elections.

Register now, at the Orchard City Drug Store, as later on it will necessitate a trip to the court house.

HUGHES-GEROW

Mr. Harold L. Gerow was quietly married to Ruth M. Hughes, of San Jose, Thursday February 14, at the home of his mother, Mrs. Mrytle Gerow, 59 Harrison avenue. Only a few intimate friends were present. The Rev. W. E. Eckles of the Congregational church, performed the ceremony. Mr. and Mrs. Gerow will make their home in Campbell.

CAMPBELL OUT OF CHAMP RACE

In the most spectacular and thrilling game of the season Campbell high 130 and unlimited quintets went down to defeat at the hands of San Jose. Our boys altho displaying remarkable play at times, as a game did not play as well as they had on former occasions. Many of their shots were unlucky while few of their opponent's were lost. It was a strong fight and a genuine championship game to decide the champs of this division of the P. A. L.

Our boys have made a clean record of winnings, in one game not being scored against and pilingup a score consderable larger than their opponents' combined. It is quite a feather in Campbell's cap to develop a team next best in the division and we are proud of our boys who when all is said are good sports in losing or winning.

The 130's put up one of the snappiest games ever played in Campbell and the final score, 16 to 14 is proof enough as to the closely matched teams. The winning score was made by the opponents in the last minute of play. Campbell's players lined-up thus:

Class A		Class B
Blaine	F	Eddleman
S. Reed	F	Kalas
Bonaccorso	F	
Robinson	C	Nelson
B. Reed	G	Jerow
Shelley	G	Nishida
Murphy		

Much credit is due Coach Noddin, who has brought the teams to the present high rating with steady and effective direction.

SENIOR PLAY MAR. 14

"Purple and Fine Liinen" an old Puritan play, to be given by the seniors of the high school on March 14 at the grammar school auditorium, is progressing rapidly under the supervision of Miss Boesch. The setting of the play is in old Puritan New England, three hundred years ago, when to do anything not suitable for a funeral procession was considered a felony. The theme of the play deals with the trials of a more or less modern girl of that time, and of the young minister of the parish, as well as those of the girl's small brother. The girl becomes entangled with the law through the villiany of a rival suitor and through the unsympathetic efforts of the old deacon. A trial and a Puritan love scene are some of the educational features of the play.

The costumes now being made under the supervision of Miss Gardner and the scenery, under construction by Miss Johnson and her art pupils, will be appropriate for the period and are expected to add materially to the effectiveness of the play.

A JOLLY TIME

The dansant entertainment given at the library hall Friday evening was a decided social and financial success. Altho not as well attended as the committee had hoped they were able to turn over $40 to the contingent fund of the library.

The music of W. C. Bohnett, violin, Patrice Smith, piano and W. F. Colbath, traps, was very much enjoyed and many were the praises sung by those present for our new orchestra.

Pamela Weston gave a pretty exhibition of toe dancing and with Wilhelmina LeGrand gave an entertaining duet dance, Mrs. G. N. Weston accompanying at the piano.

Little Edna Soutar was most roundly enchored for her production of the highland fling. She is also a pupil of Mrs. Weston.

The committee in charge, Mrs. C. B. Miracle and Mrs. R. H. Hyde may feel well pleased with the success of this, the first affair of the kind held in the new building.

GREETING PIONEERS HERE TODAY

Today is the day on which business in Campbell is suspended and everyone joins in honoring our pioneers, and in patriotic observance of the birthday of the "Father of His Country."

The day's festivities begin at 9:45 and this year there will be every convenience for the comfort of those attending. The new auditorium with its large seating capacity, dinner to be served or lunches eaten under the same roof, and the aftenoon's games close by, make it easy for all to enjoy the full program.

J. A. Stevenson, the able speaker of the morning, has announced as his subject, "The New Patriotism," which will undoubtedly prove well worth hearing.

Another number has been added to the afternoon's entertainment which will be very enjoyable—selections by the high school orchestra, directed by Prof. Halamicek, and Miss Helen Kalas has announced as her group of songs, 'Spring Song" by Oscar Weil; "If I Only Knew," Liza Lehman, and "To a Messenger," Frank La Forge.

The evening entertainment will consist of a ladies minstrels and numbers by the school children and the proceeds will be used to finish paying for the equipment of the cafeteria.

COOKING CLASS HOST TO PLAYERS

The boys of the high school unlimited basket ball squad and their coach R. E. Noddin, were entertained Tuesday evening with a six course dinner, served at the school.

The hostesses were the girls of the cooking class under the direction of Miss Lois Gardner, the domestic science teacher. These young ladies are Mary Lopes, Catherine Pugh, Florence Carter, Florence Anderson, Marion Austin, Clarise Frost, Sophie Ferro, and Ruth Miller.

The guests were Mr. Noddin, Wm. Murphy, Breck Reed, Sam Reed, Antone Bonaccorso, Billy Robinson, Carl Nelson, Franklin Blaine, Raymond Steindorf, Dick Dean, John Juncan and Harold Shelly.

One of the happy features of the evening was the presentation to Mr. Noddin of a fine belt with a silver buckle on which his initials were embossed, the gift of the boys.

The following appetizing menu was very successfully served:

Fruit Salpicon
Plain Broth Soup
Baked Chicken, Mashed Potatoes
Gravy
Creamed Peas in Timbales
Relish Olives
Muffins
Waldorf Salad, Cheese Sticks
Strawberry Charlotte Russe
Demi Tasse
Nuts Mints

PETITION FOR ROAD

S. N. Hedegard, E. R. Kennedy and R. Alison presented a petitiion to the County Supervisors Monday for the opening up of the extension of Campbell avenue to connect with Prospect road at Saratoga avenue. This is a much needed connecting link between the eastern and western sides of the valley and will undoubtedly be opened up in the near future.

Campbell is already expanding and this will afford a new residence district.

President Kenned·· of the Improvement Club and his committee have been faithfully on the job to secure this new road and it is hoped the project will be accomplished.

The P. T. A. dance at Cambrian school has been postponed to March 8. A cordial invitation is extended to all. Please keep the date in mind.

PICK SPORTS TO SUIT JOB

Your Recreation Should Be Entire Change From Your Work, Says Expert.

Keeping your health is merely a matter of using your common sense, according to Dr. C. Ward Crampton, well-known health authority of New York city. The whole solution of the problem, he declares, is continued in three words: "Recreate or wreck."

No man needs any guidance but his own in selecting his proper form of recreation, asserts Doctor Crampton, writing in Popular Science Monthly. Anything that is an entire change from his daily work will suffice.

"Change your clothes, change your mind, change your attitude," he advises. "If you have a white-collar job, put on a flannel shirt. If you have a flannel-shirt job, a white collar as a change will have its merits. If you work indoors—go out. If you are out of doors all day—stay inside. If you sit or stand at your work, walk, run or dance for recreation. If you are continually meeting many people, seek seclusion. If you work alone, seek congenial company. If your work is with your head, seek vigoorus muscular activities. If your work is mainly muscular work, seek some mind-testing recreation.

"Above all, get the play spirit. Get into the game. Recreate, and so recreate your body. It holds big profits for you."

As a result of a conference of teachers held in Sutter City a questionnaire is to be sent out to all the teachers to learn if they are favorable to the organization of a northern branch of the state teachers association.

Fresno was flustrated by discovering that bonds and coupons to the amount of $300,000 were missing, and officials scented an attempt to defraud the city of a big amount, as the missing paper could have been cashed again if not cancelled when redeemed.

Polonsky brothers of Petaluma, who own a large poultry ranch in the Eastman Lane district, are heirs to the great Polonsky estate, valued at $88,000,000 and held in trust by the British government for the last twenty years while efforts were made to locate the missing heirs.

THOUGHT FOR TODAY

"When the time comes in which one could, the time has passed in which one can."

—Eschenbach

A LAUGH A DAY KEEPS THE WRINKLES AWAY

You can't be hard and grasping, and selfish and inconsiderate and conceited, and not have it show in your face. You can't close your eyes in anger and bitterness, and not have them tell on you when you are not at your best behavior. You cannot tighten your lips in meanness, and not have more than a hint of the devil within you. You cannot spend half your time frowning and not have a few permanent lines creep in.

A laugh a day keeps the wrinkles away. Only multiply that by a hundred. Beauty goes deeper than the skin. You can prove that to yourself in five minutes in front of the mirror.

Laughter, Love, Frendship and Sympathy, that is what keeps away the wrinkles and makes one beautiful, physically as well as personally and morally.

THE DRUNKEN AUTO DRIVER

"Public sentiment favors punishing drunken drivers severely. One drink of any kind of liquor may do as much harm as many drinks. When automobile drivers learn that when they are caught on the highway with even the smell of liquor on their breaths they run a good risk of getting put in jail, then very few persons will be willing to take a drink and drive a car afterwards.

"Drunken automobile drivers must be banished from the roads. This is the people's verdict."

THE TELEPHONE GIRL

If you were a telephone girl and stood at a switchboard in a rush hour and if someone took the telephone off the hook when there were forty other people doing the same thing within a minute, and if that person having waited ten seconds should ask you if you were asleep, how would you like it?

If you were a telephone girl and you had eighteen telephone wires with plugs at the ends in eighteen connections to enable thirty-six people to talk, and there were seven of these close together and a couple of people hung up their phones and you pulled out of the maze the wrong wire and cut two people off from talking, would you think it fair if either of the victims swore a little and asked if you were out late last night?

If you were at the switchboard and some one asked for a connection and the person desired did not answer the telephone, and if the party calling rattled the receiver rapidly, instead of slowly as he should, and the rattling of the phone hook did not register in the office and if after a while he did get into communication with you, would you like him to ask you of you thought you were enjoying a pink tea?

It would, no doubt, do us all good to put ourselves in the other person's place whenever we are inclined to find fault with public service. Gas, electric light, trolley car, telephone; it is all the same! The employes generally do their work as well as they can.—Manchester (N. H.) Mirror and American.

PANAMA CANAL TRAFFIC GROWS

In 1923 the Panama Canal was used by 5,046 ships, compared with 2,997 in 1922. They paid tolls of $22,961,000, while in 1922 the tolls amounted to only $12,573,407. Canal traffic furnishes an index of the state of commerce through the world. Its rapid growth is indicative of the steady trend toward normalcy everywhere.

HOW TO MAKE ADVERTISEMENTS PAY

Few merchants really have the proper appreciation of what advertising means to them. A writer in an exchange ably put it in this way: "If a man spoke to his wife only once a month or every two months she wouldn't recognize his voice. Yet some business men advertise once a month or so and then wonder why they don't get more business. Advertise every week. Remember 'the used key is always bright.' The store that tells the public what it is doing every day is the store that gets there in the end.

YOU ARE TAXED ONE-SIXTH OF ALL YOU MAKE

A sixth of the income of the American people is taken, directly and indirectly, for taxes, claims William S. Herron of the National Real Estate Association. He includes all taxes—national, state, school, municipal, etc. His figures are based on 21 states. It means that the public gives up all it produces, one day out of every week, for taxes.

"TREAT 'EM ROUGH!"

There is a strong feeling of revolt against the drunken automobile driver and it is doubtful if the penalty is heavy enough. Rum runners have their cars confiscated. Yet the drunken driver is more dangerous than the rum-runners. A fine is not heavy enough punishment. Take his car and put him in jail, too. "Treat 'em rough!"

Simply put and strong, the following message is part of the heritage from the first president:

Economy makes happy homes and sound nations. Instill it deep.—Washington

Old Settler, too

BLAINE'S STORE, so it just occurs to us, is, of the privately owned general stores in Campbell, about the oldest. It's a real Old Settler.

A. Watson & Son started the store back in the early 90's. They were bought out by Wm. Blodgett. He sold to Wm. Beattie. Mr. Beattie turned the store over to the Campbell Rochdale Company. They retired in favor of John D. Blaine, and so down to date the store is about 30 years old.

What makes folks want to run stores? Well, storekeeping is an attractive business. It's full of variety. The days are never too long, for the hours slip away before you know it. Then you meet so many different people, they all have to eat, good people, interesting people, fine people, the best in the land. Purveyor of salt and sugar to their Majesties the King and Queen!

Mr. A. LeGrande is puttiing in a gasoline filling station on his property on the corner of Rincon avenue and Winchester road.

Horace Lee was confined to his home the fore part of theh week with a severe cold and grippe which has been so prevalent.

The senior class of Campbell high was chaperoned by Miss Claribel Boesch at a theatre party Wednesday evening to see the "Bat".

Mr. and Mrs. A. Larsen and Miss May Farley were home over the week-end to help celebrate Judge Farley's birthda anniversary.

Mr. and Mrs. Hubert Smith are the proud parents of a son, born in San Jose, February 16. This is the second great grandson of Mrs. Alice Smith.

T. H. Martin was in Reno, Nevada, last week on business connected witih property which he owns in that city. He returned Tuesday of this week.

Geo. E. Hyde and G. E. Stallman visited the auto show the first of the week, and Merlin Bohnett and Keith Knoff gave it the once over Tuesday night.

Mrs. Erma Randall, of Oakland and her sister, Mrs. Ford, of Oregon, mother and aunt respectively of Mrs. Robt. Dunphy, were guests last week-end of Mrs. R. E. Dunphy.

The many friends of Mrs. W. T. Alexander will be glad to hear that she has so far recovered from her severe cold as to be able to sit up most of the day and hopes to be out of doors before long.

The Mercantile Trust branch at Campbell is installing a new fourton time lock vault door on the safety vault removing the lighter weight one. This will give an added security to the patrons of the deposit boxes.

Mrs. E. R. Smith, who has spent the winter in Los Angeles, writies that she will be home about March first. Geo. Schuyler is bulding an extension to the sleeping porch of her cottage on North Second street.

Harry A. Dutton, originator of the Campbell grocerteria now conducted by L. S. Miller, was a short time visitor in Campbell Wednesday. He was booked to speak at the county hospital before the medical society that evening.

Mr. and Mrs. C. E. Hanger went to San Francisco last week to attend the funeral of Mrs. Kate Mc Lernon. The McLernons are an English family with whom Miss Olive Hanger made the trip from England a number of years ago.

The faculty of the Campbell grammar school entertained the high school teachers last evening. The party was held in the grammar school and a variety of games followed by refreshments passed a very enjoyable evening. The very pleasant relationship now existing between the faculties of the two schools means a great deal for their successful co-operation.

A group of members of the Country Woman's Club motored to Los Gatos Wednesday afternoon to attend a meeting of the Los Gatos History Club in response to an invitation extended by that organization. They were privileged to hear a remarkably fine lecture by Prof. Blank, of the University of Southern California whose subject was "Japan—Friend or Foe." The laides were given a very cordial welcome and invited to repeat their visit.

J. A. GREENE AT REST

Campbell has again been called to mourn the loss of one of its old and highly respected citizens, with the passing to the Great Beyond of Joseph Adelbert Greene on February 16.

Mr. Greene was born at Avon, Ohio, March 6, 1848; so that he was nearing his seventy-sixth birthday.

He lived in Lorain County, Ohio, until 1865 when he moved to Waterville, Minn., where a few years later he was married to Mary E. Waite. Two children were born to them, a daughter who died at two years of age and a son, Charles, who lves at Morgan Hill.

In 1895 he came to Campbell and for nearly twenty-nine years has lived in this community, until about a decade ago on the orchard at the corner of Johnson avenue and the Dry Creek road.

He followed the trade of carpenter and builder in his early life, but after coming to California was an orchardist as long as his strength permitted.

Mr. Greene was of a quiet friendly disposition and well liked.

He had been a member of the Methodist church many years and his patience and faith during his last months of suffering remain as an example to all who were with him.

Funeral services were held Tuesday afternoon from the Methodist church, Rev. F. C. Farr presiding. He gave a short account of Mr. Greene's life and a few words of tribute to his memory and of comfort to his family.

The choir sang "Jesus, Lover of My Soul" and "Asleep in Jesus," and Mr. Farr sang that beautiful old hymn, "Home of the Soul," as a solo. The casket was carried by Robt. Hamilton, Geo. Whitney, Ralston Alison, Chas. White Ben Austin, and C. F. Rubell, all old friends and neighbors.

The remains were laid to rest in Los aGtos cemetery and the services there were conducted by Charity Lodge No. 362, F. & A. M. of which Mr. Greene was a member.

The deceased is survived by his wife and son, by a brother, George E. Greene, of Waterville, Minn., who has been here for several weeks and several more distant relatives, among whom are the J. F. Duncan family, all of whom were home to attend the funeral.

The large concourse of friends assembled to pay their last tribute and the wealth of flowers were silent witnesses of the position this quiet man had won for himself in the hearts of his fellow citizens, especially of the older generation.

W.C.T.U. NOTES

Mrs. Anna A. Pettiit, state vice-president-at-large of the W. C. T. U., will speak at a parlor meeting at the home of Mrs. F. S. Newcomb, West Campbell Avenue, Saturday, February 23, at 2:30 o'clock. A social hour will follow the address.

The ladies of the community are cordially invited to attend this meeting. Mrs. Pettit will also speak in the Congregational church on Sunday, February 24, at 11:00 o'clock; and at a union meeting of the Epworth League and Christian societies at 6:30 o'clock, at which meeting all young people will be heartily welcomed.

In a letter from E. E. Seekins, now at Wiscasset, Me., in which he renews his subscription to the Press, he speaks of the nice weather there—only one cold spell—plenty of snow and business (lumbering) very good. Mr. Seekins says they expect to return to Campbell next year.

A confession of more than fifty burglaries committed in San Francisco, Oakland and San Jose in four months was made by Earl Shurtz, 29, alias Claude Hamley, to Chief of Police Black at San Jose. The value of the loot is estimated at thousands of dollars. Twenty apartment houses in San Francisco were robbed. Shurtz was released from San Quentin prison on parole October, 1923, after serving two years for burglary committed in San Francisco.

Excavations in the lower San Joaquin valley by Professor E. W. Gifford of the University of California prove that Indians there had communications with those at Santa Barbara and received most of their culture from that source. The Santa Barbara culture was advancing to the east and had penetrated to the San Joaquin valley when it was destroyed by the coming of the white man.

ART EXHIBIT DATES

Proceeds of Exhibition Will Be Used to Purchase Pictures For School Rooms

On Wednesday, Thursday, and Friday, March 6, 7, and8, there will be on display at the grammar school an exhibition of pictures of more than ordinary interest. It consists of some two hundred carbon photographs, photogravures and prints in full colors, etc., and contains only the very best representations of the masterpieces of art of different countries and different periods.

The purpose of the exhibit is to give the people an opportunity to see a collection of the world's famous masterpieces of painting, sculpture and architecture, to encourage and foster the study of art in the schools as well as the teaching of art appreciation and to raise funds to place pictures on the walls of the various school rooms.

ABRAHAM LINCOLN

A name undimmed by the passage of time,
A hero of heroes with a faith sublime,
He stands on the mountain's loftiest height,
And his motto through life is "always do right."
His creed was devotion united with love,
His purpose sure as the heaven above.
A foe to oppression, a friend to the poor,
A heart beating ever, both loyal and sure.
A courage undaunted, and firm as a rock,
And always unyielding, whatever the shock.
A vision unclouded, reaching up to the skies,
Eclipsing all shadows, or fears that arise.
No crown on his head, no scepter he bears,
His crown is devotion, his scepter his cares.
Enshrined in all hearts, his memory's a shrine,
His life for all ages a pattern divine.

The Court of Love

The Court of Love was the name applied in the later Middle ages to groups of noble ladies who often, while assembled to listen to the declamations of the troubadours, took occasion to decide upon questions of courtesy and etiquette, particularly in affairs of love. According to some authorities, these courts formed regular institutions during the Twelfth century. There was a code of 31 articles and decisions are said to have been based on this code. A typical example of the questions submitted to such tribunals is the following: "If a lady listened to one admirer, pressed the hand of another, and touched with her toe the foot of a third, which of these three was the favored suitor?"

The Devil's Tower

This is a huge tower of volcanic rock in the eastern part of Wyoming, near Moorecraft. It rises 1,200 feet above the plain, and is visible for a hundred miles in that cloudless region. It was used as a guiding mark by the early Indians of the plains and mountains. Pathfinders of the French colonies in Canada used it as a landmark, and later military expeditions in the Sioux and Crow Indian country during the Indian wars directed their march by it. So great was the popular interest in the Devil's Tower that the United States government, in 1906, pronounced it a national monument and placed it under the direction of the National Park service.

The Chamber of Commerce of the United States, western division, at the closing session of its mid-year meeting in San Francisco, adopted resolutions favoring the mobilization of industry in time of war, opposed changes in the transportation act of 1920, favored taxation on government owned projects in "purely commercial business," and tabled a resolution favoring the legalization of 2¾ per cent beer. Los Angeles was selected as the next meeting place.

magnificent cypress trees along Seventeen Mile drive.

It has come to pass in Sacramento that the juvenile court authorities and the parent-teachers association are taking council to correct the errant tendencies of the youth of the city, whose depredations and delinquencies have shocked the civic conscience.

Four Sacramento school boys were victims of a vicious hazing at the hands of their schoolmates, members of the Euonia club. Two were confined to their beds, one of them confessing that he had been forced to cut his own wrists with a razor.

The ears of Paul L. Wine, 28, of San Diego, are functioning after twenty-five years of insensibility, the result of a 3,500-foot nose dive in an areoplane. The young man lost his hearing at the age of 3, when he fell striking the back of his head.

The total production of crude oil in the state for the year 1923 (preliminary figures from the American petroleum institute) was 263,000,000 barrels, against a production of 139,000,000 barrels in 1922, the largest output of any previous year.

The new state highway to the Sequoia national park was officially opened January 12. This gives automobile travel to the beautiful canyon of the main Kaweah river, generally known as the middle fork section of the Sequoia national park.

Suits to recover taxes paid the state under protests have been filed by Wilson & Co., Inc., of Los Angeles, and the Los Angeles and Salt Lake Railroad company. State Treasurer Charles G. Johnson is named the defendant in each action. Wilson & Co. asks the return of $748, the increase in its taxes ordered by the board of equalization. The railroad company alleges that it was forced to pay $520,828.60 in taxes to the state, and claims that $130,207.15 of this amount was collected illegally. It asks the return of the latter amount and interest.

"Can't Afford to Paint."

The man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

How often you require to paint is largely dependent upon the paint you use.
